MEMORANDUM FOR THE RECORD

SUBJECT: Dulles Papers

25X1A
25X1A
1. I met today with Professor Howard Ehrmann, Chief, CIA Historical Staff. I outlined to him the procedural steps that have been taken to arrive at the identity of those documents which are being retained by the Agency and those already returned to Mrs. Dulles. He was advised that the residue of the documents which are being retained by the Agency comprises those papers which are classified and those which Mr. [REDACTED] and Mr. [REDACTED] have determined to be in a "sensitive" category.

2. I told Prof. Ehrmann that I have already met with [REDACTED] Commanding Officer, OSS, concerning that portion of the residual papers which pertain to that organization. I told him that we had agreed the OSS portion of the papers should continue to remain separated but be maintained in juxtaposition with papers on other subjects in the Dulles collection. Prof. Ehrmann was advised that we are now ready to move the papers to a suitable location, thinking that the historical records center [REDACTED] would be appropriate. 25X1A6b

3. Prof. Ehrmann stated that he would personally like to look at the papers. (The services of [REDACTED] were made 25X1A9a available to him in this connection.) After some discussion, it was agreed that we would physically hold the papers in the Office of Security until 30 June 1972 at which time the matter of the disposition would again be considered. He was advised that shortage of space could possibly bring this matter up for consideration at an earlier date.
